

Project Proposal: Portfolio (Saber Ahmed)

CSE-0402 Summer 2021

Saber Ahmed

Department of Computer Science and Engineering

State University of Bangladesh (SUB)

Dhaka, Bangladesh

dev.saberahmed@gmail.com

Abstract—Digital portfolios help develop soft skills because they require people to articulate their experiences and present them in a way that is easily digestible to others. It gives individuals the opportunity to reflect on projects, goals and track growth over time.

Index Terms—HTML, CSS, JavaScript

I. INTRODUCTION

A portfolio website is an excellent way to show people just how good I am as well as displaying projects that I've worked on. Why tell an employer how good I am when I can show them.

II. PROPOSED METHODOLOGY

There will be only one page containing 7 sections named, Title section, About section, Technical Skills section, Stats section, Contact section, Portfolio section, Copyright section.

III. FUTURE WORK

There will be an option to direct hire me right away. Emergency service and solutions, Live chat options.

ACKNOWLEDGMENT

I would like to thank my honourable **Khan Md. Hasib Sir** for his time, generosity and critical insights into this project.

58         <h4>Some About Myself</h4>
59
60         <p>Hi there! I'm Saber Ahmed from Dhaka, Bangladesh. I currently work as a Software Engineer at SPC World Express. I have some years
61           experience creating software, mobile apps and websites for both myself, and for clients. I have experience programming in many different
62           languages such as C, Java, PHP and Python, however some of my favourite projects involve working in Swift for iOS.</p>
63
64         <p>I graduated from State University of Bangladesh in Dhaka, Bangladesh with first class honours (4.0 GPA) in Computer Science and also spent
65           a year studying web development at some online platform like Udemey.</p>
